Student Speaker Lysdie Espinoza

Presentation of Class Lynn Wright, Ph.D.
Vice President

Acceptance of Class Mary Figueroa
Member, RCCD Board of Trustees

Presentation of Degrees and Certificates

Conferring of Degrees and Certificates Gregory Anderson, Ed.D.
President

Alma Mater RCC Chamber Singers
directed by John Byun

Academic Regalia

Academic ceremonies with gowns, mortarboards, tassels, hoods, and maces are traditions handed down from European universities of the Middle Ages. These first organized institutions of learning originated during the 12th and 13th centuries, generally under the jurisdiction of the church. Robes, hoods, and caps were worn mainly for warmth in unheated buildings by the clerics, monks, and priests who were the first students.

European universities continue to show great diversity in their academic dress. In the United States, as the result of our English heritage, caps and gowns have been used since colonial times by the faculties of some universities and became generally standardized about 1895.

Today, the traditional commencement ceremony celebrates the success of our Riverside City College students who are completing, or will complete, an Associate's degree or certificate program. The degree or certificate is awarded once all requirements have been verified. Graduates may receive "honors at commencement" based on a cumulative grade point average from all accredited institutions. Graduates wearing gold tassels have received Distinction*, with a cumulative GPA of at least 3.30 or higher. Graduates wearing a gold cord have received Great Distinction**, with a cumulative GPA of at least 3.70 or higher. Spring 2022 is not included in the calculation of "honors at commencement." Colorful program sashes and stoles indicate the graduate's successful participation in a college program.

Commencement regalia for the Masters' and Doctoral degrees add a hood, with a velvet facing. The color of the velvet facing, indicates the program of study of that degree holder.

The Lamp of Learning

Dating from ancient times, the lamp is the symbol of intelligence, learning, wisdom and knowledge.

The first documented reference to the lamp at Riverside City College appeared in proposed architectural drawings of the Quadrangle by Peter Weber in 1926. The lamp, mounted on three books, was etched over the entrance of the Quadrangle by 1938. Although that arch disappeared during a later renovation, the south arch now bears a representation of the lamp, supported by the words: Wisdom is my Light.

Riverside City College Student Speaker

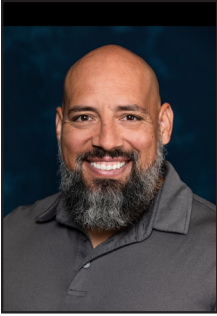

Lysdie Espinoza

Lysdie Espinoza was raised in Pomona, CA, where education is limited and STEM opportunities are scarce. Still, she found a passion and love for how life functioned around her. She enrolled at RCC to pursue a better education. Thanks to the support from EOPS and TRIO, Lysdie excelled. She has gone above and beyond and completed a majority of her medical school requirements at RCC. Additionally, Lysdie was an academic mentor to her peers at the CTE Center. She was tasked with mentoring a caseload of over 300+ students. She answered questions, found campus resources, and provided encouragement and motivation for her fellow students at RCC. She conducted research at the University of California, Riverside, through Riverside City College En Familia, coordinated by Dr. Virginia White. She studied marine life through DNA barcoding and DNA replication to understand the evolutionary relationships among species and verify if it is being accurately labeled when sold to the public. She will be graduating with five Associate degrees (Biology, Math & Science, Communication & Media, Social & Behavior Studies, and Humanities, Philosophy & Arts). She will be transferring to the University of California, Riverside, to pursue her undergraduate degree in Biology. Lysdie has made a lifelong commitment to education and is determined to push herself forward so that one day she can give back to the community. Ultimately Lysdie plans to focus on scientific discoveries and research for patient care as a physician. She wants to understand human health to continue innovating technologies and cures that can be applied worldwide.

Riverside City College ASRCC President

Albert Jaramillo

Hello fellow Tigers, my name is Albert Jaramillo and I have had the privilege of serving as the president of the Associated Students of Riverside City College (ASRCC). After graduating from high school, I followed in my father's footsteps and joined the United States Marine Corps where I served our country for 20 years. Starting the next chapter of my life and understanding the value of a good education,

I enrolled at RCC. I am pleased that I will be joining the Class of 2022 participating in this year's in-person Commencement ceremony receiving Associate degrees in both Welding Technologies and Entrepreneurship. I have enjoyed being a member of ASRCC for the past three years advocating for students, applying real world applications of classroom lessons, and learning more about this Incredible College. Being ASRCC president has allowed me the opportunity to address students' concerns at the College and District level. It has been an honor to work with all the amazing students here at RCC, as well as our phenomenal faculty, classified professionals, and administrators.

2021 RCCD Alumnus of the Year

Micheal Barnes Class of 1968

Micheal Barnes, a professor of Counseling who has worked for the College for 40 years, began his association with the College as a student and standout basketball player from 1966-1968. Inducted into the RCC Athletic Hall of Fame in 2021, Barnes spent 20 years as the head women's basketball coach. Under his leadership, the Tigers won a California Community Colleges Athletic Association championship in 1986 when Barnes coached the Tigers to a 33-0 record, becoming just the third California community college basketball (men's and women's)

team with an undefeated season at that time.

Barnes concluded his coaching career with 372 victories, which at the time made him the College's all-time winningest coach. He took 14 teams to the postseason and won three conference titles.

As a player, Barnes, who played for Bill Mulligan, a Hall of Fame coach, teamed with former UC Riverside basketball coach John Masi to form one of the best back court combinations in the program's history. He concluded his sophomore season as the Tigers' all-time assist leader, earning all-conference honors.

Barnes has remained active in the game, serving as an assistant coach to former player Alicia Berber, now the women's basketball program's head coach.

"I really, really love counseling community college students," he said. "I was one of them, so I see students who don't believe they can do it. If anyone had a reason not to believe, it was me. I use a word you shouldn't, but I was stupid because I was satisfied with 'C's. I really wasn't stupid, I just didn't make the connection between having good grades and college."

While attending school in Indiana, Barnes said academics weren't important to him. It was only after accepting a job out of high school in a factory at \$1.65 an hour that motivation crept into his vocabulary.

After graduating from high school in a small farming community in Northern Indiana, Barnes was encouraged to move to California by his brother who quickly suggested he enroll at RCC. Barnes, who was a first-generation college student, became a "motivated student" who excelled in both academics and athletics.

"Thank goodness for the teachers at RCC. They were so encouraging and supportive," he said. "It all changed once I enrolled at RCC. It made the difference in my life. I couldn't have done what I have done without the open-door policy, and we still have an open-door policy (today)."

Barnes ultimately transferred to the University of California, Irvine, on a basketball scholarship and earned the starting point guard position. In 1970, armed with a bachelor's degree, he launched his life-long career in education and coaching at Notre Dame High School in Riverside teaching history. He went on to earn a master's degree in Educational Counseling, and eventually became a full-time employee at RCC in 1981, accepting a position as counselor and head women's basketball coach.

60th Distinguished Faculty Lecturer

Dariush Haghghat, Ph.D.
Professor, Political Science
Advisor, Model United Nations
Riverside City College

I am genuinely humbled by the honor bestowed on me by the RCCD Faculty Senate selecting me to present the RCCD 60th Distinguished Faculty Lecture on April 26th and 28th. This is the highest recognition bestowed upon RCCD faculty members, for which I am eternally grateful.

The nature of American foreign policy toward Iran has vastly impacted the lives of millions of Iranians living in Iran and Iranian Americans living in the United States. My life and my family's life are no exception to that.

In my faculty lecture, I plan to provide critical analysis of modern American foreign policy toward the Middle East and my native land, Iran. Throughout the lecture, I will offer several firsthand accounts of the impact of the turbulent relationship between the two countries that I genuinely value and call home and cultural and political perspectives from the inhabitants of those countries regarding one another. I will also touch on the reflections of Iranian Americans in negotiating their identities impacted by policies whose country of heritage has systematically been demonized by their home country. As a result, they have continuously grappled with the oppositions of their dual identities.

Growing up in Iran, I never planned - or even imagined - that I would ever permanently migrate to the United States and establish both my professional career and my Iranian-American family. Yet, I am on the verge of wrapping up one of the most memorable and rewarding academic/professional careers at RCCD while cherishing three children born and raised in the United States, the country they call home.

The transition was made possible due to higher education and cultural exchanges, which proved to be anything but smooth or easy.

I hope that my faculty lecture will play a small role in providing an educated understanding of the plight of the millions of people directly impacted by the turbulent relationships between the United States and Iran. Furthermore, I wish to shed some light on educators on both sides, especially educated immigrants, caught in the middle in presenting a more intelligent, constructive, and rational alternative to the one given to us by political pundits.

Alma Mater Riverside

Words: Vincent Lawton, Music: Don Stone, 1956-1957

With Dignity

Un- known the years that lie a-head, but Strong-ly arm'd are we. By

The first system of musical notation for the song. It features a grand staff with a treble clef and a bass clef. The key signature has three flats (B-flat, E-flat, A-flat), and the time signature is 4/4. The melody is in the treble clef, and the accompaniment is in the bass clef. The lyrics are: "Un- known the years that lie a-head, but Strong-ly arm'd are we. By".

pre - cepts wise we shall be led, and take our strength from thee. AL - MA MA - TER

The second system of musical notation. The melody continues in the treble clef, and the accompaniment continues in the bass clef. The lyrics are: "pre - cepts wise we shall be led, and take our strength from thee. AL - MA MA - TER".

RI - VER - SIDE, glo - ry and our guide far from your halls re - mem - brance calls with

The third system of musical notation. The melody continues in the treble clef, and the accompaniment continues in the bass clef. The lyrics are: "RI - VER - SIDE, glo - ry and our guide far from your halls re - mem - brance calls with".

love and pride; with spi - rits free we hon-or thee, our Riv - ver - side!

The fourth system of musical notation, which concludes the piece. The melody continues in the treble clef, and the accompaniment continues in the bass clef. The lyrics are: "love and pride; with spi - rits free we hon-or thee, our Riv - ver - side!".
